“ I worked with Suzanne for many years in the department of Physics. She was always cheerful and pleasant. More often than not, Suzanne was the first person people interacted with when they contacted the department, which was fortunate for both them and for the Physics department.
My heartfelt condolences to her family for their loss.

“ I was very sad to hear about Suzanne. We were related by our fraternal grandfathers, and some of my fondest memories come from sharing a few holidays with her, Bobby, Bill and Mary. In a house full of Berra's, it was nearly impossible to get in a word edgewise.....and Suzanne didn't even try. She just sat with a smile, and seemed to enjoy the chaos.
I will miss Suzanne.....her generous heart, her kindness and her willingness to accept everyone for who they were. May you Rest In Peace. You were loved, and you will be greatly missed.

“ I am so sorry for your loss. I worked with Suzanne in the physics department. I remember my first day as an NTT, Suzanne showed me around and introduced me to the other faculty. She, another friend, and I often meet for lunch. I will always remember the laughter we had during those lunches. I will miss her.

“ As an international student in the US, Suzanne was one of the kindest graduate coordinators that I have ever met. She really wanted to get to know all of the students and learn about their cultures and backgrounds. I would never forget you, Suzanne. Rest in Peace!
God bless you,

“ Suzanne was a good friend and a lovely woman inside and out. She loved line dancing, and her knowledge of musicians and their artistry was impeccable. She had a way of complementing people in a special and endearing manner. We were all blessed to have known her.

“ I am so sorry to hear of Suzanne's passing. She was an amazing woman, always smiling and full of grace. I worked with Suzanne by phone at SIU and we did healthy things together, including the workout classes at Davies Gym, walking around Campus Lake, and practicing yoga at Maureen Doran's Frog Lilly Yoga classes in Murphysboro. I had already been missing her since the epidemic changed our lives. I am so very sorry she moved on ahead of us - she will be dearly missed.
